MISSION

Our Bittersweet Golf Club program will give junior golfers the foundation to make golf a lifetime activity that they will enjoy.

Our summer golf program will provide your child with the principles, tools and strategies to allow them to reach their full potential in the game of golf. Our junior golf program is taught outside on our driving range and short-game practice facilities by our long-time affiliated pro and our associates. During your child's time in our program, they will be learning proper golf course etiquette, golf swing fundamentals, and putting and chipping techniques.
